

BEER TASTING EXPERIENCE

We launched Bowden Brewing to share our love for beer with as many people as possible. There's no better way to take in all that Bowden Brewing has to offer than with a private tasting for you and your mates, family, work colleagues or whoever you want to share a beer with.

One of our staff will explain the brewing process and run through 4 butchers of Bowden's finest. If you're lucky, you might even get a taste of something brand new, straight from the tank.
